Description of the environment initiative

It might be helpful to describe the following aspects of your initiative:

- *What is the goal of your environmental initiative, and have you been able to reach it, or partial goals, yet?*
- *Is environmental sustainability integrated and lived in the daily routines of the company and its workforce?*
- *Is environmental sustainability a component of your public image in the community and society?*
- *Do you involve employees in making the campaign a reality?*
- *Has the environmental initiative led to savings or efficiency increases?*
- *If you already submitted your initiative last year: How did you enhance your initiative and/or which aspects did you change?*
